

Geographical Boundaries (Hiring Zone)

Transportation shall be provided within the following geographical limits. It is encouraged for Transport users to check the Boundary limits for availing transport services prior to shifting into their new residence.

If a User is located outside the Pickup and Drop zone, he / she is required to either come on his / her own arrangement to DB office or to provide a Pick / Drop point in the Move and Sync system (internal system used by DB employees to Roster), which is within the prescribed Pick and Drop zone. In such cases, it will be the responsibility of the individual User to reach the designated Pick / Drop point at the predetermined time during Daytime Hours.

Corporate Services will carry out a quarterly review of the Boundary limits, considering resource saturation, area / infra development, etc.
